Bill

individuals have relayed your frustrations with OPS SLOLY which is an internal issue we need to manage. I assured them that mendicino has been working with the RCMP. I have relayed this conversation to NSIA PMO and Mendicino COS

I just got off the phone with Windsor Mayor COS. They are seeking an injunction this AM. They said the Windsor police chief misspoke to OPP and so require resources. If the injunction goes through, they will need police to secure US tow trucks. MTF on that.

s.39

It is concerning but not surprising that our discussions are the subject of gossip by officials and colleagues
